

We are pleased to offer a range of Clearview replacement windscreens for the Suzuki Burgman 650.

Featuring:

Clearview's optically clear .187" high impact DOT approved plastic for excellent clarity combined with superior structure strength and rigidity for improved highway stability.

Added width provides broader coverage of the upper body and reduces air flow to the hands.

WINDSCREEN SIZES.

SUZ-BG00	650 Stock	25"

OPTIONS

Screens can be tinted Light Grey - add £12.50 to above prices.
 SE Centre Vent - add £30 to above prices.

IMPORTATION

Clearview screens are made to order each month and then shipped to the UK.
 Orders are usually placed with Clearview Shields during the first week of each month. Late orders can still be accepted up to 7 days after placement of initial order. Please note that you will have to allow a minimum of four weeks for manufacture and delivery.

GT X Large
 Lt Grey Tint
 SE Vent

The total shipping cost US-UK is divided by the number of screens ordered in any particular batch. For example, if 4 to 6 screens are ordered the cost would be in the region of £22.00 per screen.

On entering the UK, the screens are subject to 5% import duty and VAT at 17.5%. There is also an additional shipping charge which covers delivery to a notified UK mainland address (£8.60 next day carrier excluding weekends). If you choose, you can have it collected.

ORDERING

It is important to get the size right as we cannot send them back free of charge (your statutory rights are not affected - however, please do not remove the protective film until you are satisfied with the product). Any screen returned with the protective covering removed is classed as "used".

Orders should be forwarded, in writing, to the address shown below. In addition to the initial deposit, the following information must be clearly stated:

Make / model / year of motorcycle
Screen size required
Optional tint or clear
Vents: centre or none

GT XX Large
Lt Grey Tint
SE Vent

PAYMENT

We ask for a cheque to the value of the Ex-Works price (including options) with the order. Please note that deposit cheques are not presented for payment until the screens arrive in the UK. When the screens arrive they are re-packed for dispatch to customers. An invoice for balance of payment (shipping / duty / VAT) will be enclosed in the package.

For guidance, an EXAMPLE of cost for a GT Large, Clear screen might be:

Cost of screen	£ 94.50 (incl. import duty)
Shipping US-UK	£ 18.00
Delivery	£ 8.60
Sub Total	£121.10
VAT at 17.5%	£ 21.19
Total	£142.29

ADDRESS

All correspondence should be addressed to address shown above.
